

**ALLEGATO B**

Curriculum Vitae

Andres Abarca Jimenez

**INFORMAZIONI PERSONALI** Andres Abarca Jimenez

Sesso | Data di nascita 1986 | Nazionalità

**POSIZIONE PER LA QUALE SI CONCORRE**

INCARICO DI SUPPORTO AMMINISTRATIVO PER ATTIVITA' NELL'AMBITO DI "VALUTAZIONE SEMPLIFICATA DI PERDITE SISMICHE A SCALA REGIONALE"

**ESPERIENZA PROFESSIONALE**

Sett/2017 - Attualment

**Studente Dottorato**

IUSS Pavia

- Research for regional risk assessment of bridges including direct and indirect losses as metric for prioritization of inventories

[Accademia](#)

Dic/2017 - Dic/2019

**Ricercatore**

IUSS Pavia

- Research for the EU Funded Projects ITERATE and INFRANAT which developed regional-scale seismic risk assessment platforms.

[Accademia](#)

Gen/2013 - Sett/2017

**Ricercatore**

Università di Costa Rica

- Research for the National Laboratory for Testing Structural Models and Materials of the University of Costa Rica. Report writing, development of testing methods, coordination of training courses, and structural analysis and design.

[Accademia](#)

Mar/2012 - Sett/2017

**Professore**

Università di Costa Rica

- Professor of undergraduate courses: Solids Mechanics 2, Solids Mechanics 1

[Accademia](#)

Mar/2012 - Dec/2012

**Ingenieria Strutturale**

Miguel Cruz y Asociados (Private structural engineering firm in Costa Rica)

- Junior Structural Engineer in private design firm. Structural analysis and design for new construction of commercial, residential and industrial projects; structural assessment and retrofit designs of existing structures

[Private sector](#)

Lug/2010 - Lug/2020

**Professionista della gestione dei progetti**

GCI Engineering (Private structural engineering firm in Costa Rica)

- Junior Project Manager in private design firm. Project management activities for the design, permitting and construction phases of building and infrastructure projects

[Private sector](#)

ISTRUZIONE E FORMAZIONE

- 2017-2022 **Dottorando (in corso)**  
IUSS Pavia, Italia
  - Research for regional risk assessment of bridges including direct and indirect losses as metric for prioritization of inventories. Thesis: " Regional risk assessment of bridge inventories"
- 2017-2022 **Master in Ingegneria Sismica (MEEES Program)**  
IUSS Pavia (IT) – Université Joseph Fourier (FR)
  - Thesis: "Modelling RC Wall Behaviour Considering Shear-Moment Interaction"
- 2017-2022 **Master in Science**  
Università di Costa Rica
  - Thesis: " Evaluation of Analysis and Design Methods for Reinforced Masonry Walls with Openings"
- 2017-2022 **Licenciatura**  
Università di Costa Rica
  - Thesis: " Structural Behavior of Glulam Wood Moment Frames "

COMPETENZE PERSONALI

Lingua madre Spagnolo

Altre lingue	COMPRESIONE		PARLATO		PRODUZIONE SCRITTA
	Ascolto	Lettura	Interazione	Produzione orale	
Inglese	C2	C2	C2	C2	C2
Italiano	C1	B2	B2	B1	B1

Livelli: A1/2 Livello base - B1/2 Livello intermedio - C1/2 Livello avanzato

**Competenze comunicative** ■ possiedo buone competenze comunicative acquisite durante la mia esperienza di professore universitario, sono molto adeguato a fare presentazione tecniche online e presenziale

**Competenze organizzative e gestionali** ■ Gestione di progetti (Lavorato come professionista della gestione dei progetti per due anni)

**Competenze professionali** ■ valutazione di rischio regionale (lavorato in due progetti EU e anche come principale tema di tesi per il mio PhD)  
 ■ valutazione di rischio specifico per ponti (lavorato in progetti EU INFRANAT e anche come principale tema di tesi per il mio PhD)

**Competenze informatiche** ■ buona padronanza degli strumenti Microsoft Office  
 ■ programmazione in Python, OpenSees  
 ■ esperienze adeguata con: SeismoStruct, QGIS, SAP200, ETABS

Patente di guida B1 (Costa Rica)
